	<h3>At the Event</h3> <h4>Badge Scanning</h4> <p>Evanta uses handheld badge scanning technology for specific sessions at our Events to administer and improve your Event experience and solicit feedback and/or interest in Evanta products and services. Scanning is only required at the entrance to sessions known as “boardroom”.</p> <h4>Evanta Sessions & Functions</h4> <p>Evanta uses badge scanning to determine boardroom session (“Session”) attendance, manage Session capacity, and to enforce Session restrictions.</p> <p>When Session is sponsored, you are consenting to share your registration data with that sponsor for the purpose of communicating their services and special offers.</p>

You will have the opportunity to opt-out of such communications directly with the Sponsor.

Session Availability

Evanta Event Registration allows entry to specific defined sessions, but cannot guarantee admission to every session. Session admission is subject to venue capacity and other criteria (for example vendor/ end user, etc.). Building an agenda on Evanta Events app does not guarantee access to these sessions. Session attendance, assuming you meet the session criteria, is based on a first-come first-served basis.

Use of Multimedia at the Event

In order to comply with global data privacy laws, Evanta imposes certain restrictions on the use of multimedia at its Events (i.e., photography, video, audio, online streaming and all future mediums).

For Attendees and Sponsors: Evanta leverages social media to post real-time Events photos and videos to its Social media feeds, and display select submissions from those feeds on monitors throughout the venue. Attendees are encouraged to capture their Event experiences in the permitted areas of the Event venue and post their own social content from the Event (text, photos, audio, video, streaming), provided it does not defame other Event attendees or sponsors or infringe on copyrighted Gartner branding and content. Evanta will determine in its sole discretion which posted content will be displayed on the overhead monitors at the Event venue.

By attending the Event, you acknowledge and agree as follows: (a) Evanta may edit and use the footage it captures at Evanta Events for marketing and promotional activities and for any other lawful purpose in the ordinary course of its business; and (b) Due to the prevalence of mobile recording devices in today's world, Evanta disclaims all liability for the capture of your image by Attendees (who are not under sponsorship contracts with Evanta) in any multimedia format at the Event.
